If you are going to be studying at university this year, make sure you have applied for your Student Finance!

New students should apply by **17th May 2024** for undergraduate courses starting in September.

You don't need to have a confirmed place at university to apply – you can apply now and update your details later if you need to. You can find out everything you need to know by visiting the Student Finance website [here](#).

Your questions answered

What is the special considerations form and where do I find it?

Our answer:

The special considerations form is to be completed when you want to be considered for submission of more than 1 assessment a week. This could be due to being unwell in the lead-up to moderation and needing to catch up on missed assignments.

If you think you will need to complete one, contact your tutor first.

Here you can find an [example on how the special considerations form may be completed](#).

You can find the special considerations form along with our other [Policies and Procedures](#) on our website.
